September 7, 2010

Dear Parents and Guardians:

The District would like to offer your child access to our educational computer network. Your child will have access to various software applications, hundreds of databases, libraries and computer services from all over the world through the Internet and other electronic information systems.

With this educational opportunity also comes responsibility. It is important that you and your child read the enclosed District policy, regulation and agreement form, and discuss these requirements together. Inappropriate network use will result in the loss of the privilege to use the system.

The Internet is a system that links small networks, creating a large and diverse network. The Internet allows our students the opportunity to reach out to many other people to share information, learn concepts, and research subjects by the sending and receiving of messages using a computer, modem and dedicated telephone lines.

In spite of our efforts to establish regulations for the District's computer network, please be aware that there may be material or communications on the Internet or other networks that District staff, parents, and students find objectionable. We cannot filter all items posted by others on connecting computers.

The Computer Network Policy Consent Waiver is located on the bottom of this letter, which your child must return to school by September 11, 2009. This will indicate your permission or denial of your child to participate in the District's computer network. Regardless of permission or denial, a parent/guardian signature is required. Failure to sign means you child will be denied internet access.

Thank you for your assistance in this matter.

Sincerely,

Imran Abbasi
High School Principal

Brian Whitley
Middle School Principal

Computer Network Policy Consent Waiver

As a parent/legal guardian of the student signing below,

I do I do not (**Circle One**)

grant permission for my child to access electronic mail and the internet. I have read and agree to the Voorheesville Central School District Computer Network Policy and understand that I may be responsible for violations by my child. I understand that some materials on the internet may be objectionable; therefore, I agree to accept responsibility for guiding my child and conveying to him/her appropriate standards for selecting, sharing and/or exploring information and media.
