

REQUEST FOR 48-HOUR ADVANCED NOTIFICATION OF PESTICIDE APPLICATION*

July 1, 2009

Dear Parent, Guardian, and School Staff:

New York State Education Law Section 409-H and State Education Department Commissioner's Regulation 155.24, effective July 1, 2001, require all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the school year. The Voorheesville Central School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following pesticide applications are **not** subject to prior notification requirements:

- a school remains unoccupied for a continuous 72-hours following an application;
- anti-microbial products;
- nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children;
- nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children;
- silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children;
- boric acid and disodium octaborate tetrahydrate;
- the application of EPA designated biopesticides;
- the application of EPA designated exempt materials under 40CFR152.25;
- the use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the form below and return it to Voorheesville CSD District Office, 432 New Salem Road, P.O. Box 498, Voorheesville, NY 12186. Mike Goyer, the school pesticide representative, can be reached by phone at 765-2382, ext. 508, and by fax at 765-7959. He can also be contacted for further information on these requirements.

Sincerely,
Sarita Winchell, Assistant Superintendent for Business

(NOTE: ONLY FILL OUT THIS FORM IF YOU WANT NOTIFICATION – IT IS OPTIONAL)

Voorheesville Central School District – Request for Pesticide Application Notification		
If you are a person in parental relation list the school(s) your child(ren) attend(s): _____
