

RELATIONSHIP WITH LOCAL EDUCATION FOUNDATION

The Board of Education recognizes the value of the Voorheesville Community & School Foundation and its efforts to support the district by enhancing the resources available to our schools and students. The Board also recognizes the Foundation as a separate legal entity from the school district.

To help ensure that the Foundation's fundraising efforts and its planning of activities are in concert with the district's mission and goals, the trustees of the Foundation are invited to meet with the Board liaison, minimally, once a year. The Board designates the Superintendent as liaison to the Foundation.

Foundation activities, if they involve the use of district facilities or resources, must be planned in accordance with policy 1500, Public Use of School Facilities. Donations offered by the Foundation will be considered in accordance with policy 1800, Gifts from the Public. The Superintendent is charged with sharing the applicable policies and procedures with the trustees of the Foundation.

Cross-ref: 0000, Mission and Goals
 1500, Public Use of School Facilities
 1800, Gifts from the Public
 2160, School Board Officer and Employee Ethics
